RESOLUTION 2015.15

A resolution of the Democratic Party of Lane County

Relating to National Debates

WHEREAS, we believe that the Democratic Party tends to use scientific reasoning to appropriately inform policy; and

WHEREAS, we believe that debates generate excitement that can inspire people to work harder in the general election to elect the Democratic candidate; and

WHEREAS, debates can focus more media attention on Democratic candidates.

THEREFORE, the Democratic Party of Lane County Resolves:

SECTION 1. To urge Democratic National Committee to work with NationalScienceDebate.org to have at least one nationally televised debate just about science issues. This would illustrate Democratic candidates are reality based and are willing to make decisions based upon the best available science instead of ideology.

**Resolved by the Central Committee of the Democratic Party of Lane County,
Assembled in Eugene, Oregon, September 17, 2015**
